Supporting women.
Defeating poverty.

Who is CARE Australia?

CARE Australia works to [defeat global poverty by supporting women](#) to create lasting change in their communities around the world. Our programs focus on women because we know that when one woman breaks free from poverty, she brings another four people with her — and that's a powerful multiplier.

We work in partnership with local community leaders to prepare for, respond to, and recover from humanitarian crises and shock. And we support people to determine their own futures by challenging unjust systems that keep people in poverty.

Our poverty-fighting programs work to provide equal opportunities for women that they have long been denied: the ability to earn an income, gain access to their fair share of resources, to lead and participate in decisions that affect their lives, and to be able to withstand the increasing impacts of climate disasters and other crises.

CARE Australia is one member of the global CARE Confederation, working with communities all over the world — every one of us tightly focused on where we can each best support local communities to defeat poverty and social inequality.

CARE launched at the end of World War II, distributing packages of food and essential items to people whose homes, jobs, and way of life had been destroyed by war. Those first-ever CARE Packages became a global name for providing hope and compassion to those who needed it regardless of their religion, ethnicity, gender, or beliefs.

- In 2020-21, CARE Australia assisted more than 2.3 million people directly across 26 countries, with revenue of \$77 million.
- We responded to 15 emergencies across 19 countries, and 903K people received humanitarian assistance.
- The global Confederation worked in 102 countries around the world, implementing 1,495 poverty-fighting development and humanitarian aid projects, reaching more than 100 million people directly and 157.7 million people indirectly.

About CARE Australia

CARE Australia supports women around the globe to save lives, defeat poverty and achieve social justice. We work in partnership with local communities to provide equal opportunities for women that they have long been denied: the ability to earn an income, gain access to their fair share of resources, to lead and participate in decisions that affect their lives, and to be able to withstand the increasing impacts of climate disasters and other crises.

CARE Australia is a member of the CARE International confederation. We strive for a world of hope, inclusion and social justice, where poverty has been overcome and people live in dignity and security.

About the Department

The International Programs and Operations Department (IPO) comprises four units: Country Office Support, Capability and Impact, Program Delivery, and Business Development.

The Department is responsible for the efficient and effective management of Australian funded programs which are delivered primarily in Asia Pacific by a range of CARE International Country Offices and other partners. The Department builds and maintains relationships with key institutional donors to secure funding. To fulfill accountability

requirements, the Department analyses program outcomes, provides reports to donors and publishes analysis and evaluations to demonstrate the impact of funded programs, enabling program knowledge to be leveraged at scale by CARE Australia and others in the sector.

The Department draws on its program expertise to contribute to the development of strategic policy advice and well planned advocacy to donors, major stakeholders and to the Australian public.
